“Where Was God?”

September 11th, 2001 – a day that will never be forgotten. A day when ordinary men and women would face the unbelievable, and experience what few ever dreamed or thought possible: a terrorist attack in the heart of New York claiming nearly 3,000 lives, and leaving a scene of incomprehensible destruction.

As rescue and recovery began, a select group of men and women would be forced to endure their worst nightmare: living and working inside Ground Zero. Day after day they worked to restore the broken city. As weeks turned into months, a feeling of desperation and despair overwhelmed the hearts and minds of these people.

Yet in the midst of the devastation, an amazing discovery would bring hope when it was needed most. On Wednesday night, September 11th, we will have the opportunity to see a movie at Redeemer called “The Cross and the Towers,” a movie that follows the lives of seven individuals who were changed forever, not only by the horrific day of September 11th, but by the stunning symbol of hope that was discovered buried beneath the rubble of Ground Zero.

Come at 5:30 p.m. for dinner, stay for the one-hour movie, then enjoy dessert and discussion if you’d like. Children will watch a different movie in another room. Come to this meaningful Faith & Family kickoff event on Wednesday, September 11th, at Redeemer Lutheran Church. Please see inside the newsletter for the full slate of fall activities on Wednesday night. Movies, service projects, speakers, Bible studies – you’ll love the line-up!

**Redeemer Handbells**

Though bells are not mentioned in the Bible as a musical instrument, they were often heard on the robes of the Old Testament priests as early as Aaron (Exodus 28) announcing their movement in the tabernacle as they prayed and worshipped the Lord. Redeemer’s Handbell Choir also announces our presence in worship, and they add a beautiful “tintinnabulation” (ringing of bells) to our worship gatherings. Playing handbells with our choir of ringers also demonstrates how we work together in the body of Christ to produce a beautiful sound.

The Redeemer Handbells rehearse for one hour on Wednesday evenings. Rehearsals are at 6:30pm. The first rehearsal will be on Wednesday, September 18 in the Sanctuary transept. The handbells play for Redeemer worship once a month. At Christmas time, we add some special outreach programs with some of our Senior Living Centers in Wayzata. Some instrumental music experience is helpful in reading the music, as Handbells are a rhythmic experience in cooperative learning.

Contact Music Director Dan Oie to participate.
**Deo Gloria Choir**

“Deo Gloria Choir” is the name of Redeemer’s Choir. J.S. Bach always wrote “SDG” at the end of each of his compositions, signifying that the “glory goes to God alone.” Redeemer’s Choir is a group of singers of all ages who love to worship through music. Our music is always enjoyable, inspiring, and moving even in the time of rehearsal. We sing about one Sunday each month.

The choir also sings for festival worship times like Reformation (October), All Saints (November), Thanksgiving (November), Advent Lessons & Carols and Christmas (December), Black History month (February), Good Friday and Easter (April), the Global Worship Festival (April), and Music Sunday (May).

The choir is looking for people who love to sing. We also minister as a small group that cares, prays, and serves together.

The first major choir projects begin in November and December. These seasonal projects allow for guests, former singers, youth, and Redeemer staff to sing at special times. Music Director Dan Oie, along with Redeemer singers, will be actively recruiting you and your friends to sing. The variety of rehearsal days (Sundays, Wednesdays, and Thursdays) permits you to sing on flexible schedules. Listed below are two projects for the fall of 2019:

### Thanksgiving Evening of Worship

**“Simple Praise”**

**Wednesday, November 27, 7:00pm**

“Let the word of Christ dwell in you richly...with gratitude in your hearts.”

Colossians 3: 16

**Bluegrass Music for Choir and Congregation**

**Service**

+ Wednesday, November 27, 7:00pm at Redeemer

**Rehearsals**

+ Wednesday, November 13, 7:30 – 8:45pm
+ Wednesday, November 20, 7:30 – 8:45pm
+ Wednesday, November 27, 6:00pm

### Christmas Lessons and Carols

**“God Came Near”**

**Services**

+ Saturday, December 14, 4:30pm Folkestone
+ Sunday, December 15, 8:15 and 10:30am Redeemer
+ Tuesday, December 24, 5:00pm Redeemer

This service of favorite carols with orchestra expresses the wonder of Christmas in sparkling arrangements. The series of five rehearsals begins on Sunday, November 24.

The choir will also sing for Christmas Eve Worship. More details to be announced in October. One of our outreach projects is to sing this set of Christmas carols at Folkestone Wayzata. A CD recording of “God Came Near” will help teach you these beautiful carols.
**Sounds Like Love Youth Festival #37**

**“Hope Has a Name”**

**November 8-10 at Trinity Minnehaha Falls**

Students in Grades 9 – 12 are invited to participate in a fabulous worship and music experience geared for students. The registration deadline is October 1.

Redeemer Music Director Dan Oie has been the accompanist and the Music Producer for Sounds Like Love since it began in 1982. Ben Wagner, Redeemer musician and choreographer, will be directing this fall’s festival. Students will learn and choreograph eight worship songs and hymns in the span of three days, culminating in a Festival Concert at Trinity Lutheran Church of Minnehaha Falls in Minneapolis on Sunday, November 10.

Contact Dan Oie at Redeemer to participate. Cost is $85 plus housing/commute.

Rehearsals will be held at Redeemer Sunday, October 20 and 27, and November 3.

**Emergency Preparedness Training**

The MMLG along with a generous donor has arranged for a professional trainer to lead an Emergency Preparedness Training program on **Saturday, September 14, 2019**, from 8:00am until noon. All those acting as an Elder or Usher at any of the worship services should mark their calendars and plan on attending this training.

As Elders and Ushers assisting in providing an orderly worship experience, we need to think ahead, plan and train for what to do, and who is responsible to take the necessary action to keep our members safe, secure, and taken care of should any sort of emergency arise. The training program is intended to help us be prepared and to know what to do during the five to ten minutes it takes for first responders to arrive.

Please **RSVP to Tom Heinecke** by phone at 612-250-0134 or by e-mail at **TEHeinecke@gmail.com**.

The Twins didn't disappoint those attending Lutheran Night, August 5th. They defeated the Atlanta Braves 5-3 with a two-out, 9th-inning, walk-off home run by Miguel Sano. It was a beautiful summer evening to watch baseball.
Faith, Family, & Fellowship Coming This Fall!

Redeemer’s Wednesday night planning team has been busy for months designing an event-based Wednesday night ministry that will have something for everyone, young and old. Beginning September 11th with the movie presentation “The Cross and the Towers,” a revamped Faith & Family night at Redeemer will feature a monthly movie, a monthly speaker, a monthly service project, and a monthly *Answers in Genesis* Bible study night for adults and kids. Parents and youngsters will study the same *A.I.G.* Bible study topic but with different materials, giving families the opportunity to discuss at home what they learned at Bible Study, with the help of a family devotional booklet if desired.

**Every evening’s main event** will leave enough time at the end for “d & d” -- dessert and discussion, for those who would like to stay for a few minutes and debrief among friends, or make new friends. Listed is a **complete list** of Faith & Family night’s fall schedule. Cut it out, put it on your refrigerator, then come and **serve, learn, and grow** in a fun, informal atmosphere of Christian fellowship for the whole family! Dinner every Wednesday is at 5:30 p.m.; Events begin at 6 p.m. **unless otherwise noted.**

**Faith & Family Fall Schedule**

- **9/11:** Movie -- “The Cross and the Towers”
- **9/18:** Speakers Jim & Lynne Jackson from Connected Families -- “Sibling Conflict: From Bickering to Bonding”

REDEEMER YOUTH MINISTRY

Our ASP mission trip was a great success! Thank you for all the prayers and support!

The Appalachia Service Project (ASP) is a home repair and rebuilding ministry that serves families in the Appalachian Mountains (Virginia, West Virginia, Kentucky and Tennessee). ASP brings 120+ college-aged young adults together each year to be trained (for about two weeks) and then commissioned to run the 25-30 centers in various counties across the mountains. These young men and women are tasked with a hard job: setup their center, learn about their community, and lead 70+ volunteers in their construction projects in the camp-like setting at the center each week for eight weeks, along with needing to do the heart-wrenching job of sifting through hundreds of home repair applications knowing that they can only help approximately one out of every ten that apply. The hope for ASP from the start was to have no need for the organization, but the need is still strong. Because this ministry has the same core values now as when it was founded by Glen ‘Tex’ Evans 50 years ago, we are still able to serve and bring hope to the families who need it most.

The preparations for our trip started way back in November as we began our planning, meeting, training, and fundraising, but the trip itself started in the Redeemer parking lot at 5:00am on a Saturday. Everyone was tired due to the early wake-up but running on excitement and adrenaline. Bags were packed, vehicles loaded, and hugs and prayers from parents as they sent us on their way. The drive was mostly uneventful, other than a bit of car sickness. We spent the night at a wonderful church in Columbus, IN. They served us by feeding us well and taking good care of us so that we could go forward and serve others. The staff opened our week with a devotion that hit home for me and was easy to relate to. She talked of how each person is living atop a personal mountain and how your mountain is made up of your own life experiences - family life, school, friends, church, jobs, each person you know and each experience you encounter, the blessings, the hardships, the joys, the worries, etc. Each mountain is unique as is every person and their life story. You can easily stand atop your mountain, look across and see others atop their mountains, but because you have not lived their life and had their experience, you do not know the makeup of their mountain. She wrapped it up with stating that to truly serve another person you must be more than just willing to, but intentionally come down from your mountain top and gladly attempt to climb their mountain. This is something that ASP does well, and I believe our group does well.

Seventy of us spent the week living in a church gym – the 16 Redeemer volunteers divided into three work crews each assigned to a different family for the week with specific jobs we were tasked to complete. Here are some words from some of our team members:

**CREW #1 – Annette, Jeanne, Sydney, Rachel, and Luke**

Our work crew had a mix of veterans and newbies, and it was a perfect blend for the project we received. As we got to know our homeowner, Mary, we all wanted to do as many things as we could to improve her home and give her peace and happiness. She shared stories of her family members, both living and those who have passed on, and it was nice to see our friendship develop as the week went on. Her dog (Bandit) and her kitten (Whiskers) were a welcome distraction to take our minds off the heat (100-degree heat index daily) and hard work. There were several different pieces within our work assignments so that by the end of the week we all had things to be proud of. Mary was so grateful for us, and we were for her opening her home and life to us for the week and beyond.

~ Jeanne

We were privileged to serve a spunky little lady named Mary. Mary lived on a piece of property owned by her brother that held her home (that she inherited from her parents after caring for each of them in their final days) as well as the homes of her brother and her nephew. It is a beautiful spot on the mountain, with a well-cared-for lawn, beautiful flowers everywhere you looked and a large garden that Mary worked in daily and was so proud of – as she should be!

We installed new underpinning (skirting) on Mary’s trailer home as well as replaced some the band joists and floor joists. We also replaced a portion of a closet floor and wall that had water damage. When I was working on replacing floor joists in the closet, I came in from under the trailer and was standing with my feet on the ground, and the floor was at about waist height. I could not reach the closet door, so I knocked and called for Mary to come open the door. She giggled like a little girl seeing me standing on her floor and then sat down and chatted with me as I completed the work. I shared with her that when I am serving families through ASP, I feel very close to God, and she commented that she could see God in each person in our work crew.

I always find the construction work empowering and the relationship building humbling.

~ Annette

**CREW #2 – Ben, Carol, Trina, Sean, Abbie, and Colin**

Our team was asked to replace subflooring and lay vinyl in a kitchen and hallway. The woman we helped was an English teacher who had to go on disability due to debilitating migraines. Her daughter, significant other, and children were moving in with her so they could save money to get their place. She lives in a 3-bedroom trailer with only one functioning bathroom. We had lunch everyday with her 84-year-old mother, who also had some work done by ASP to add a room onto her home so her son could move in with her.

~ Carol

(Redeemer Youth Ministry continued on page 10)
This trip truly opened my eyes and my heart and made me step out of my world into someone else’s. We all made unforgettable memories and relationships with the people of Appalachia.

Some highlighted memories of ours were the great chicken chase in which we all ended up on the ground and still didn’t manage to catch the homeowner’s chicken, our nightly runs to the Dairy Bar for ice cream, awesome car rides and our overnight stay at camp where we played sand volleyball, waded in a creek, got dunked in a dunk tank and hurdled down the slip-and-slide.

At the worksite, there were six of us working in one small kitchen so I was able to make some pretty great memories and build a relationship with our homeowner (Mel) as well as her mother (Patsy) who lived next door, as well as with a bunch of their grandchildren. Saying goodbye was the hardest part of the trip because we had become a part of their family, and they became ours. The first night at the center, the Pastor said that by the end of the week we would be crying as we packed up our vehicles and that as we drove away, we would be leaving a piece of our hearts on the pavement. He was right. Our homeowners reminded me of the importance of family and how God only gives his hardest battles to his strongest children. In all honesty, they are some of the strongest and most humble people I have ever met. The quality of a person is not determined by their money or status but by their actions and love towards others.

In conclusion, the Appalachia Service Project has humbled me and opened my eyes to the world around me.

~ Trina

This trip was honestly very eye opening, and it was great. I was not looking forward to the drive, but it was good to talk to and get to know the others in our group better as we drove. When we got to Kentucky, I was excited to get started and meet the family. The first day at the house, we faced some construction challenges. Then, after we borrowed a very handy man named Craig from another team for a day, we figured it out quickly. Our team continued to work better and better each day and achieved more and more. I loved eating with Ma during lunch time and chasing her chicken around every day attempting to catch it. It was also fun because I got to use new tools and see things I haven’t ever seen. I had a lot of fun on this trip and met some people I won’t ever forget.

~Sean

Our team’s ASP project was patching subfloor and adding new flooring to a mobile home. Home repairs on a mobile home are always tricky as they are not built to the same standards or codes as other homes. Melanie, the homeowner, was a teacher for the county school district but had to retire early due to severe migraines. On top of this, her daughter and three grandkids were going to move in with her. We encountered scenarios that didn’t go by ASP’s book, but we persevered and finished what God laid out for us, and we left Melanie’s home with hugs from her mom and servant hearts full.

I would have to say that ASP pushed me out of my comfort zone so that God could work through me.

~Ben

CREW #3 - Laura, Addie, Matthew, Grant, and Cole

This year my crew worked with a sweet older woman named April, who lived with her two daughters Mandi and Annie, and her granddaughter Haylee. Over the course of the week, we installed insulation under the house as well as patched the subfloor and installed new flooring in her kitchen. April was feisty and welcoming. Her sense of humor and her take on life was very inspiring to us. A phrase that she claimed as her life motto was: “To me, life’s a gift because I get to get out of bed every day, whether I fall out, roll out, or get kicked out!” She is a tough woman who has endured a lot. While we were serving her, the family was approaching the first anniversary of April’s husband’s passing. While spending time sitting on her porch and talking, she shared stories about her life and stories of her husband, who was deeply missed. April also talked a lot about her faith and how even though life sometimes puts you through the ringer, if you rely solely on Jesus, he will get you through anything. It was very impactful to hear that because when hearing her talk about all the things she has gone through in her life, seeing how she just kept trusting the Lord to be with her convicted me. I tend to get frustrated when life happens, and she went through far greater and let God take the wheel.

Overall, this week just continued to show me that God shows up everywhere and that leaving ASP means leaving a small part of my heart with the family we served. Also, maybe Annette was right when she said that ASP is a relational ministry with home repair on the side. God doesn’t always call you for what you are equipped for, but he always equips you for that which you are called.

~ Addie

Our home was owned by a sweet lady named April; she lived with her two daughters and one granddaughter. Their house needed insulation in the floor, a subfloor patch and new laminate in the kitchen, as well as a final step built off her porch. During our week there we were able to complete these tasks, and then some, but the greatest takeaway for any of us was the relationship we built with the family that we served, working with them or just hanging out on the front porch having a soda. Whatever it was, I think that I can speak for all of us serving at ASP when I say that “We go to make the relationship, and get some jobs done along the way.”

~ Matthew

As I have said many times, ASP is in my blood and has been for many years. My early experiences with ASP and my two summers on staff have made me the person I am today. I am very proud to have seen the youth who were now serving for the second time really step up, take lead on their projects and of course love on their families by building relationships that can only be built through ASP. I can see that ASP is getting in their blood too.

Once again, thank you to the Redeemer congregation as well as the friends and family of Redeemers ASP team. We could not do this without all of you supporting us. I personally thank all of you for allowing me the privilege to share ASP with Redeemer and these youth. Love ya’all!

Be the Peace!

**Lutheran Braille Ministry**

“We live by faith, not by sight.” - 2 Corinthians 5:7

What a privilege to be in Christian partnership with Lutheran Braille Workers, focusing on the production and distribution of Braille Christian Bibles and other Christian materials for people with visual impairment throughout the world.

Recently Lutheran Braille Workers received an order from the Indonesian Bible Society for 500 Bibles in the Indonesian language. Twenty-seven work centers have volunteered to take on this task and the Braille plates which were placed in storage in a warehouse back in 2012 have been reassigned to these 27 work centers.

There are three ways in which we can support LBW’s ministry. PRAYER; LABOR; FINANCIAL SUPPORT. We can always use your prayers. We can always use more laborers (training will be provided) Our volunteers have worked faithfully the past three years, giving of their time every week and sometimes twice a week. We thank you! Others have supplied plastic bags for bagging books that we ship out of the country. We thank you, too. Join us!

**Earn Funds for LBW and Christmas Shop at the Same Time!**

Do you ever shop through Amazon? Did you know you could be shopping and earning 0.5% for Lutheran Braille Workers. All you need to do is go to [www.smile.amazon.com](http://www.smile.amazon.com) instead of [www.amazon.com](http://www.amazon.com). Every item available for purchase on Amazon is available on AmazonSmile. You will use your same sign-in information as your Amazon account.

Once on the site and before you start shopping, you will choose Lutheran Braille Workers as your charitable organization of choice. Amazon will remember your selection, no need to add it each time. Amazon graciously sends LBW a quarterly check which goes to LBW’s General Fund.

We had the opportunity to participate in the National Youth Gathering on July 13th. A new experience for sure. None of us had ever been involved in participating, let alone planning such an event. But the Lord provided when we answered His call. Maybe the Lord has been calling you to be a part of this ministry. Won’t you answer His call?

For more information call Anna Gerber @ 952-475-9168 and please leave a voice message. She will return your call ASAP.
